QUICKBOOKS® | MULTI-STATE TAXES | PAYROLL & BOOKKEEPING

At, Johanna Fox CPA, we encourage our small business clients to use QuickBooks® by Intuit.

Ranked as the #1 financial software for small businesses, it's

the simplest way for businesses to track sales and expenses, perform payroll functions, manage inventory, and monitor cash flow and trends.

You'll have a wide range of reports and graphs customized for your business at your fingertips. Our ProAdvisors will

show you how to use these tools to help make the best decisions for your business.

Choose from these service options for QuickBooks support, including:

- In-house training
- On-site training
- QuickReach remote training
- QuickBooks classes
- QuickBooks CheckUp

Our clients say they prefer QuickBooks because it's fast, easy, and a good value. QuickBooks lets you organize your

paperwork in a fraction of the time it takes to do books by hand—so you can be more productive in your business!

Choose the QuickBooks services that suit you best!

In-house Training

Get the QuickBooks help you need in the comfort of our offices with state-of-the-art computers using your version of QuickBooks. Our training is tailored to **your** needs.

On-site training

One of our certified QuickBooks **Advanced** ProAdvisors will come to your office and train you (and others, if applicable) in ways to make the most of QuickBooks for your business.

QuickReach® Remote Training

Ideal for our long-distance clients, QuickReach allows our QuickBooks Advanced ProAdvisors to train you at the comfort of your own desk, right from ours!

Our QuickBooks Advanced ProAdvisors use LogMeIn for remote access to your computer. You have the advantage of our experienced ProAdvisor training while sitting comfortably at your own workstation.

QuickReach works great by the hour or with any of our training packages, and even with our new QuickBooks CheckUp!

Email qbadvisor@jfoxcpa.com to find out more.

QuickBooks Classes

We host QuickBooks training classes in our own private classroom twice each year. Individual computers are available for each student. You'll learn:

• Setup and Maintenance

How to enter and modify company information, restrict confidential information, set up a chart of accounts, enter opening balances, set up fixed assets, back up and restore company files, and set closing dates and passwords.

• Accounts Receivable and Payable

How to set up customers and vendors, create and customize invoices, record payments, write checks, reconcile, and use reports.

• Payroll

How to set up payroll, including withholding and tax rates, enter historical data, print paychecks, track and pay liabilities and print reports.

Get class schedules at www.jfoxcpa.com.

QuickBooks CheckUp

Would you like an outside opinion on the "wellness" of your (or your bookkeeper's) QuickBooks files? It could be time for a CheckUp! This diagnostic test includes a **21-point inspection** of your QuickBooks file to ensure its wellness.

Recommended annually, one of our QuickBooks ProAdvisors will run the diagnostic test at our office or yours. You'll get a report with recommendations for corrections. Don't go another day without being sure your QuickBooks files are in good health!
